About S-ON App

S-ON App is a new version of evaluation and testing in the diagnosis of sexual dysfunction through digital modules, using a smartphone application. The application is the reconstruction of a clinical trial, standardized and initially validated in a format in which the client actively engages with the digital material through his device, without a physical specialist present.

This application has been certified by the Romanian Institute of Sexology:

LEAVE NO ONE BEHIND

Dear Cristian Delcea,

Thank you once more for agreeing to present at the 25th Congress of the World Association for Sexual Health. We are absolutely thrilled and extremely honoured to have you share your knowledge and experience with the attendees.

My name is Renee, and I am here to provide you with technical assistance for the Congress.

In preparation for your **Symposia Presentation**, I would like to confirm all details below:

Speaker Presentations

Title	Construction, Validation, and Standardization of the Sexual S-ON Application
Paper Status	Accepted
Presentation Type	Round Table
Presenting Author	Professor Cristian Delcea

The session of 60 minute will be pre-recorded. Attached to this email you will find guidelines on how to pre-record and load your presentation.

There is a small selection out of 400 presentations that will be streamed live, yours is part of the pre-recorded part of the congress. You will not find your name on the programme at a glance which contains the live streamed presentations. The title of your talk will go up onto the website and it will be part of the congress content and will be published in the International Journal of Sexual Health.

We will upload your presentation during and after the conference on Vimeo. By accepting our invitation, you will be consenting to video streaming, hosted on the Whova Platform for 8 months and post-conference availability of the recorded material on the WAS2021 website.

Please go and follow us on social media and tell the world about the fact that you have been accepted to present as this landmark event, the first time that a WAS congress is hosted by an African country! Please tag us in your post, we will share it!
